2. It is informed that a separate dedicated WeBOC module has been deployed only for the clearance of forward cargo in transit to Tajikistan since February, 2024. It has been observed the despite the development, Tajik traders are still filing the GDs through the IDs of Afghan importers under the ATT module as per past practice. Accordingly, the shipping companies/agents are informed that the Directorate, with effect from 01.07.2024, will no longer process Tajik transit consignments through the Afghan module as per past practice and will entertain all consignments of Tajik transit trade through the new specific Tajik module.
