DETERMINATION OF CUSTOMS VALUE OF DISPOSABLE / AUTO DISABLE SYRINGES WITH NEEDLES UNDER SECTION 25A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO.1619/2022)

C. No.Misc/09/2009/VIIB/IX/

Dated: 25-03-2022

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the custom value of Disposable / Auto Disable Syringes with Needles is determined as follows:

2. **Background of the valuation issue:** Earlier the Customs values of Disposable Syringes with Needles were determined under Section 25A of the Customs Act, 1969, vide Valuation Ruling No. 888/2016 dated 27-07-2016. Moreover, the Ministry of National Health Services, Regulations & Coordination Drugs Regulatory Authority of Pakistan vide its letter No. SRO No. 483(I) 2021 dated: 16-04-2021 has restricted the import and sale of conventional disposal syringes 2,2.5,3 and 5ML. As a result auto-disable syringes are now being imported in the mentioned categories. It was therefore, essential to determine afresh the customs values of the subject goods. Accordingly, an exercise was initiated in this Directorate General to determine the customs values of different types of syringes in terms of Section 25A of the Customs Act, 1969.

3. **Stakeholders' participation in determination of Customs values:** Meeting was held on 23-02-2022, which was attended by various stakeholders including the representatives of trade, importers as well as representatives of Clearance Collectorates. All the participants were requested to submit following documents so that correct customs values could be determined:-

Invoices of import during last three months showing factual values

- i. Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- ii. Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- iii. Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

4. The meeting was attended by stakeholders and their points of view were heard in detail to arrive at customs values of subject goods. The some importers submitted documents in support of their contention..

5. **Methods Adopted to Determine Customs Values:** Valuation methods provided in Section 25 of the Customs Act, 1969, were duly applied in their regular sequential order to arrive at customs value of subject goods. The Transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable because no substantial documents were provided by the stakeholders to prove that their declared values were true transactional values. Moreover, different values were declared by different importers for same product according to different origins. Identical/similar goods value methods provided in Sections 25 (5) & (6) *ibid* were examined for applicability to determine customs values of subject goods. The data provided some references; however, it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidence of qualities and quantities of commercial level etc. Information available was, hence, found inappropriate. In line with statutory sequential order of section 25, this office conducted market inquiries using deductive value methods under sub-section (7) of Section 25 of the Customs Act, 1969, item was not readily available in the market, therefore, this method of valuation could not be relied upon due to aforesaid reasons. Valuation method *vide* Section 25(8) of the Customs Act, 1969, was examined for valuation but the same also could not be applied due to non availability of conversion and processing cost of exporting country. Finally, clearance data, raw material prices, international prices through internet were examined thoroughly and the information so gathered were utilized and analyzed for determination of Custom Values of subject goods under Section 25(9) of the Customs Act, 1969.

6. Customs values Disposable / Auto Disable Syringes with Needles Disposable / Auto Disable Syringes with Needles *hereinafter specified* shall be assessed to duty / taxes at the Customs Values mentioned below:-

7. In cases where declared/transaction values are higher than the customs values determined in this Ruling , the assessing officers shall apply those values in terms of sub-Section (1) of Section 25 of the Customs Act, 1969, and the same may be communicated to this Directorate General forthwith. In case of consignment imported by air, the assessing officer shall take into account the difference between air freight and sea freight while applying the customs values determined in this Ruling.

8. **Validity of Valuation Ruling:** The values determined vide this Ruling shall be the applicable Customs values for assessment of subject imported goods until and unless it is rescinded or revised by the competent authority in terms of Sub-Sections (4) of Section 25A of the Customs Act, 1969.

9. **Revision of the Value Determined vide this Valuation Ruling:** A revision petition may be filed against this Ruling, as provided under Section 25D of the Customs Act, 1969, within 30 days from the date of issue, before the Director General, Directorate General of Customs Valuation, 7<sup>th</sup> Floor, Custom House, Karachi.

10. The Collectors of Customs may kindly ensure that the values given in this Valuation Ruling for the given description of goods are applied by the concerned staff without fail. Any anomaly observed may kindly be brought to the notice of Directorate General immediately. Customs values determined in the ruling are for the description and specification as mentioned in the above table of this Ruling. HS Codes are mentioned for illustrative purpose so that valuation ruling values are made accessible to the assessing officers. The assessment shall be finalized on the basis of correct classification after fulfilling requisite formalities related to importability or any other certification required thereon. In addition to this, it is further necessary to verify that there is no mis-declaration of any sort or violation of Import Policy Order or Section 15 of the Customs Act, 1969, or any other law in vogue therein.

11. This Valuation Ruling supersedes Valuation Ruling No.888/2016 dated 27-07-2016.
