DETERMINATION OF CUSTOMS VALUES OF HOUSEHOLD APPLIANCES
UNDER SECTION 25A OF THE CUSTOMS ACT, 1969.

(VALUATION RULING NO 1628/2022)

C.No.Misc/04/2006-VII (Part-I)/357.

Dated: -08 -04-2022

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Household Appliances are determined as follows:

2. **Background of the valuation issue:** Previous Valuation Ruling for Household Appliances was issued vide Valuation Ruling No.1291/2018 dated 20-04-2018. However, it was observed that the Valuation Ruling is about four years old and in the meantime cost of input materials, freight & technology etc. has been considerably changed. Accordingly, an exercise was initiated by this Directorate General to determine customs values of these subject goods in terms of Section 25A of the Customs Act, 1969.

3. **Stakeholders' participation in determination of Customs values:** Meetings with stakeholders were convened 14-12-2021 and 05.01.2022 which were attended by different stakeholders & importers. All the stakeholders / importers were requested to submit following documents before or during the course of meetings so that customs values could be determined.

- i) Invoices of imports during last three months showing factual value.
- ii) Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- iii) Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- iv) Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

The importers did not submit documents like Performa invoices, EIF Forms declaration etc to prove their contention that their declared values are correct. During the course of meetings, it was appraised the prices of Household appliances has been increased significantly.

4. **Method adopted to determine Customs values:** Custom Valuation methods given in Section 25 of the Customs Act, 1969 were followed / applied in sequential order to address the valuation of domestic household appliances. Transaction value method under Sub-Section (1) of Section 25 of the ibid was found inapplicable because requisite information under the law was not available. Identical/similar goods valuation methods provided in Sub-Sections (5) & (6) of Section 25 of the Customs Act, 1969 provided some reference values but due to wide variation and suppressed declaration, the same could not be relied upon. In the sequential order, this office then resorted to conduct a market inquiry and, consequently, Deductive Value Method under Sub-Section (7) of Section 25 of the Custom Act, 1969, was applied to arrive at the assessable Customs Value of the subject goods, being most appropriate for the purpose. All the information so gathered was evaluated and analyzed for the purpose of determination of Custom Values.

5. **Customs value of house hold appliances:** - hereinafter specified shall be assessed to duty / taxes on the Customs Values as given below:-
