DETERMINATION OF CUSTOMS VALUES OF LUBRICATING OILS UNDER SECTION 25A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO. 1805 /2023)

No.Misc/3/2009-I/850

Dated: 14-09-2023

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Lubricating Oils are determined as follows:

- Background of the valuation issue:** Earlier, the Customs values of Lubricating Oils were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.1140/2017 dated 21-04-2017. The existing valuation ruling was more than six (06) years old and the Customs values determined therein were not reflective of prevailing international market. Therefore, an exercise has been undertaken by this Directorate to determine the same.
- Stakeholders' participation in determination of Customs values:** Meeting was convened on 21-08-2023 which was attended by the relevant stakeholders. The issues pertaining to the valuation of subject goods were deliberated upon in detail in the afore-referred meeting.
- Analysis / Exercise done to determine Customs Values:** Ninety (90) days' clearance data has been retrieved and the same has been scrutinized. Subsequently, Market inquiry has been conducted and examined in the light of this Directorate's Office Order No.17/2014 dated 19.03.2014 and in terms of Section 25 (7) read with Section 25 (9) of the Customs Act, 1969.
- Method (s) adopted to determine Customs values:** Valuation methods specified in Section 25 of the Customs Act, 1969, were duly applied in their sequential order to arrive at the Customs value of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to absence of information as required under sub-section (2) of Section 25 of Customs Act, 1969. Therefore, identical/similar goods value methods provided in Section 25(5) & (6) ibid were examined for applicability to determine Customs value of subject goods. The data provided some reference; however, it was found that the same could not be solely relied upon due to absence of absolute demonstrable evidences of quantities and qualities and variation in declaration.
