DETERMINATION OF CUSTOMS VALUES OF SNACKS/ CHIPS AND NACHOS/TORTILLA/CHEESE BALLS MADE OF CORN POWDER/ FLOUR AND WHEAT POWDER/ FLOUR UNDER SECTION 25A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO. 1641/2022)

C. No. V.Khi/14/Snacks/25A/I/426.

Dated: 29-04-2022

In exercise of the powers conferred under Section 25A of the Customs Act, 1969 Customs values of Snacks/ Chips and Nachos/Tortilla/ Cheese balls Made of Corn Powder/Flour and Wheat Powder/Flour are determined as follows: -

2- **Background of the valuation issue:** Earlier, the customs values of Snacks/ Chips Made of Corn Powder/Flour and Wheat Powder/Flour were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.1511/2021 dated 08-02-2021 which was set aside through Order in Revision No.35/2021 dated 11.10.2021 issued under Section 25D of the Customs Act,1969 with the following remarks "*The documentation submitted by the petitioners during the hearing is indicative, that the value determined is not reflective of the market position and needs to be revisited.*" Representations from importers were also received in this office for issuance of fresh Valuation Ruling for the subject goods. In order to rationalize the import values of subject goods, an exercise was undertaken by the Directorate General of Customs Valuation to determine afresh the Customs Values of subject goods in terms of Section 25A of Customs Act, 1969.

3- **Stakeholders' participation in determination of Customs values:** Meetings were held on 09.11.2021, 22-11-2021,02-12-2021 and 06-04-2022 with the stakeholders of subject goods. The stakeholders contended that the existing customs values are on higher side. It was further contended by the stakeholders that subject goods are sold in frequency at the local retail level. It was submitted that the values of raw material like sweet corn etc. may also be considered to arrive at fair customs value. The stakeholders were requested to submit the relevant import documents including Sales Tax invoices. The Stakeholders did not provide the complete documents including sales tax invoices despite repeated requests.

4- **Method adopted to determine Customs values:** Valuation methods provided in Section 25 of the Customs Act, 1969, were duly applied in their regular sequential order to arrive at customs values of subject goods. The transaction value method as provided in Sub-Section (1) of Section 25 of the Customs Act, 1969, was found inapplicable because requisite information was not available as per law. The wide variation of values displayed in the

import data as available on record also strengthened the aforementioned fact. Hence requisite information under law was not available to arrive at the transaction value. Therefore, identical / similar goods value methods as provided in Sub-Sections (5) & (6) of Section 25 ibid were examined for applicability to the valuation issue in the instant case. The same provided some reference values but could not be exclusively and solely relied upon. In line with the statutory sequential order of Section 25, this office conducted market inquiries under sub-Section (7) of section 25 of the Customs Act, 1969 however, this method of valuation could not be exclusively relied upon. Therefore, valuation method vide Section 25(8) was examined for valuation but the same also could not be applied as conversion cost from the constituent material and allied expenses, at the country of export were not available for manufacturing of the subject goods. Finally, clearance data, market information and international prices through internet were examined thoroughly and the information so gathered were utilized and analyzed for determination of customs values of the subject goods under Section 25 (9) of the Customs Act, 1969.

5- **Customs values for Snacks/ Chips and Nachos/Tortilla/Cheese balls Made of Corn Powder/Flour and Wheat Powder/Flour – hereinafter specified** shall be assessed to duty/taxes at following minimum Customs Values:-
