(VALUATION RULING NO. 1644 /2022)

No.Misc/07/2022-IX /429

Dated: - 29-04-2022

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Musical Instruments are determined as follows:

2. Background of the valuation issue: It was brought to the notice of the Directorate General that value of Musical Instrument is being declared to customs at much lower values than their current international values in absence of Valuation Ruling in the field. Verification by this Directorate General reaffirmed this stance. Keeping in view this prevailing price of the subject goods, an exercise for determination of the Customs Values of prevailing price of the subject goods, an exercise for determination of the Customs Values of Musical Instruments in terms of under Section 25A of the Customs Act, 1969.

3. Stakeholders' participation in determination of Customs values: Meetings was scheduled on 02-04-2022 but no one appeared in the meeting. All the participants were requested to submit following documents so that correct customs values could be determined: -

- i) Invoices of imports during last three months showing factual value.
- ii) Websites, names and E-mail addresses of known foreign manufacturers of the item in question through which the actual current value can be ascertained.
- iii) Copies of Contracts made / LCs opened during the last three months showing the value of item in question.
- iv) Copies of Sales Tax Invoices issued during last four months showing the difference in price (excluding duty and taxes) to substantiate that the benefit of difference in price is passed on to the local buyers.

5. **Method adopted to determine Customs values:** Valuation methods given in Section 25 of the Customs Act, 1969 were applied sequentially to address the valuation issue at hand. Transaction value method provided in Section 25 (1) of the Act *ibid* was found inapplicable because the required information under the law was not available. Identical and Similar goods valuation methods provided some reference values but could not be relied upon due to variation in data. Market enquiry as envisaged under Sub-Section (7) of Section 25 of the Customs Act, 1969 was conducted but could yield no results as prices varied according to selling point in the market. Online values were also checked. Since the manufacturers' costs and raw material prices of producing the goods in question in the country of exportation were not available. Computed value method as provided in Section 25(8) could not be applied for valuation of the aforesaid goods. All the information so gathered was evaluated and, analyzed for the purpose of determination of customs values. Consequently, reliance was placed upon Sub-Section (9) of Section 25 of the Customs Act, 1969, for the determination of customs values.

6. **Customs values hereinafter specified** shall be assessed to duty / taxes at the following minimum Customs Values: -
