DETERMINATION OF CUSTOMS VALUES OF OLD AND USED MOBILE PHONES (WITHOUT ANY PACKING AND ACCESSORIES) IN COMMERCIAL QUANTITY UNDER SECTION 25-A OF THE CUSTOMS ACT, 1969

(VALUATION RULING NO. 1893 /2024)

No. Misc/01/V-KHI/2024/VII/640

Dated: 27-06-2024

In exercise of the powers conferred under Section 25A of the Customs Act, 1969, the Customs values of Old and Used Mobile Phones (without any packing and accessories) in commercial quantity are determined as follows:

2. **Background of the valuation issue:** Earlier, the Customs values of Old and Used Mobile Phones (without any packing and accessories) in commercial quantity were determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No.1858/2024 dated 28-02-2024. This Valuation Ruling was challenged under Section 25D before Director General, Customs Valuation, Karachi who passed Order in Revision No. 26/2024 dated 23-05-2024. Operative para of the same is reproduced as under:

“In view of the foregoing it shall be in fitness of things that the issue be addressed afresh while considering above findings. The impugned ruling warrants modification at the end of the respondent. The case is remanded to the respondent for de-novo consideration of the impugned Ruling preferably within three weeks and for issuance of new Valuation Ruling after affording the opportunity of hearing to the stakeholders. The impugned Valuation Ruling shall hold field till issuance of the new Valuation Ruling.”

Therefore, an exercise was initiated by the Directorate of Customs Valuation, Karachi to re-determine the Customs values of the subject goods in terms of Section 25A of the Act, 1969.

3. **Analysis / Exercise done to determine Customs Values:** In this regard, a meeting dated 07-06-2024 was held in the Directorate of Customs Valuation, Karachi, which was attended by the relevant stakeholders. The issues pertaining to the valuation of subject goods were deliberated upon in detail in the afore-referred meeting. Ninety (90) days' clearance data has been retrieved and the same has been scrutinized. Market inquiry was conducted and examined in the light of this Directorate's Office Order No.17/2014 dated 19-03-2014 and in terms of Section 25 (7) read with Section 25(9) of the Customs Act, 1969.

4. **Method (s) adopted to determine Customs values:** Valuation methods specified in Section 25 of the Customs Act, 1969, are duly considered in sequential order to arrive at the Customs values of subject goods. The transaction value method as provided in sub-section (1) of Section 25 of the Customs Act, 1969, was found inapplicable due to absence of information as required under sub-section (2) of Section 25 of Customs Act, 1969. Therefore, identical goods value method provided in Section 25(5) was examined for applicability to determine Customs values of subject goods. However, it was found that the same could not be solely relied upon due to absence of demonstrable evidences of quantities and qualities. Information available was, hence, found incomplete. Subsequently, similar goods value method provided in Section 25(6) was also examined for applicability to determine Customs values of subject goods. The import data of Old and Used Mobile Phones for the last 90 days was examined. However, Declared Values (DV) of both identical and similar goods showed consistent variations. Hence, this method was also found inapplicable. Market enquiry as envisaged under Sub-Section (7) of Section 25 of the Customs Act, 1969 was also conducted but could only yield results to some extent because of variations in market prices. In line with statutory sequential order of section 25, Computed value method, as provided in Section 25(8) of the Customs Act, 1969 was examined, but the same was found inapplicable since no question of constituent materials, allied expenses and manufacturing of Old and Used Mobile Phones arises. Finally, the Customs values of the subject goods have been determined under Section 25(9), read with Section 25(7), and Customs Rule 121(2) of Customs Rules, 2001 which provides that the methods of valuation, to be employed under sub-section (9) of section 25 of the Customs Act, 1969 may be inclusive of those laid down in sub-sections (1), (5), (6), (7) and (8) of the said section, but a reasonable flexibility in the application of such methods would be in conformity with the aims and provisions of sub-section (9) of that section.
